

EMResource® 3.58 Release Notes

These notes describe highlights of the EMResource 3.58 release scheduled for Wednesday, July 28, 2021. More information is available through your solution or by contacting the Juvare Support Center at 877-771-0911 or support@juvare.com.

User Export

The User Export feature, available through the Setup tab by clicking User, has been expanded into a four-page report to provide additional information. The report now includes the Profile Details, Notification Addresses and Statuses, Roles, and Resource Associations.
