

EMTrack® 6.0 Release Notes

These notes describe enhancements in the EMTrack 6.0 release scheduled for Wednesday, July 27, 2022. More information is available through your solution or by contacting the Juvare Support Center at 877-771-0911 or support@juvare.com.

Juvare Login Services

Juvare Login Services is an account management feature being rolled out on EMTrack, including EMTrack Lite and the mobile app, as well as across Juvare solutions. This new feature includes state-of-the-art technology that improves the security of your account while at the same time providing easy access to reset your password in case you forget it.

For more information, please see the attached [Administrator](#) and [User](#) frequently asked questions (FAQs) documents.
