

# Deploy a Group Member

Home > eICS > Guide - Incident Dashboard > Deploy a Group Member

From the **ICS Chart** tab of the *Incident Dashboard* you can deploy members of your labor pool to areas where they are needed for the incident.

## To deploy a group member

1. On the *Incident Dashboard*, click the **ICS Chart** tab.
2. On the left, locate and select **Labor Pool** or one of its subgroups.
3. Click the **Group members** drawer.
4. Select the appropriate view option.
5. Select the check box for each group member you want to deploy.
6. Click **Check In / Change Status**.
7. In the *Change Status* window, select **Deploy to** and enter the location or site.
8. If appropriate, enter a comment.
9. Click **Save**.
