Access Other Juvare Solutions

If you use more than one Juvare solution, you may be able to access the other solutions, such as eICS and EMTrack, from within EMResource.

To access other Juvare solutions

In the main menu icon, click **Other Juvare Solutions** and then click the name of the solution you want to access. The menu closes and the other solution opens.

Note: You will see the same or similar option on the upper left of the other solution that will allow you to quickly return to EMResource.
