# Change Order of Other Regions

You can change the order in which regions appear in the main menu's *Other Regions list and on the Setup, Other Region List* page.

To change the order of other regions

1. In the main menu, click **Setup** and then **Other Regions**. The *Other Region List*
2. In the *(RegionName) can view* table, in the **Display Order** column, click **up** or **down** to change the region's position in the list. The page refreshes to show the new order.
