To create a view

1. On the upper right, click **System Settings**.
2. On the left, under *Other Settings*, click **Summary Views**.
3. In the *Available Summary Views* section, click **New Summary View**. The *New Summary View* page opens. The page includes tabs for information, incidents, provider facilities, mobile providers, and labels. Each tab also shows triage categories as the table's column headers.
4. Enter the **Name**.
5. Enter the **Description**.
6. On the **Incident Types** tab:
 - a. Select the incident types to include in the view.
 - b. Select the triage categories (columns) to include for all incident types.
7. On the **Provider Organizations** tab:
 - a. Select the facility providers to include in the view.
 - b. Select the triage categories (columns) to include for all facilities.
8. On the **Mobile Providers** tab:
 - a. Select the mobile providers to include in the view.
 - b. Select the triage categories (columns) to include for all providers.
9. On the **Division Labels** tab:
 - a. Select the labels to include in the view.
 - b. Select the triage categories (columns) to include for all labels.
10. Click **Save**.
