EMResource 4.0 is coming soon! In the meantime, we released a preview of the 4.0 release to your [demo environment](#). Please remember, this is an early look at the new features and they may not be fully functional or finalized yet. However, as we continue to refine the enhancements in EMResource 4.0, in preparation for the release to production later this quarter, we wanted to share our progress with you.

If you do not have login credentials for your demo environment, contact your Regional Administrator. If you are the Regional Administrator and need assistance with your demo environment, please contact the Juvare Support Center at 877-771-0911 or support@juvare.com.
